

STEWARDSHIP DAYS in Miller Woods

Come join a team involved in the Oak Savanna Restoration Project in Miller Woods and make a positive impact in your community and with your community. This is a great volunteer opportunity to give back to your community by giving a few hours a month of your time, skills, and expertise while also acquiring restoration skills and staying up to date on the restoration as it progresses.

Stewardship days in Miller Woods takes place on the 4th Saturday of every month. As a bonus, on the Saturdays in January, April, July, and October Cathy Martin of Save the Dunes will start with a hike to the site that is currently being restored, an informal presentation about the restoration project followed by a short stewardship component. All other Miller Woods stewardship days in the remaining months of 2015 will focus mainly on volunteer restoration efforts.
